

It's a good way to reward model citizens.

The public humiliation part is a bit much, but the rest, why not?

Finally! A solution for all that annoying and disruptive behavior!

It's the future. We'd better get used to it.

Facial recognition should be limited to making Instagram more fun.

I think this system generalizes
people.

It makes me want to live in a
forest far away from civilization.

This system guarantees the
security of ordinary citizens.

Honestly, it makes sense to me.

It's nothing but a new form of
totalitarianism.

It'll be a cold day in hell when
country adopts this system.

It's a nightmare come to life.

This system would be acceptable
if the citizens decided the scoring
system.
